

AFPM IPC PROGRAM

Tuesday, 28 March 2023

General Session

Time	Title
8:30 - 09:30 AM	Petrochemical Experts Showcase
<p>Dewey Johnson – Senior Vice President & Global Lead of Chemical Market Analytics by OPIS, a Dow Jones Company</p> <p>Mark A Eramo – Global Vice President, S&P Global Commodity Insights</p> <p>Joe Chang – Global Editor, ICIS</p> <p>David Yankovitz – Chemical Leader, Deloitte</p>	
<p>Petrochemicals power the global economy with the many lifesaving and life-improving products they make possible. The demand for petrochemicals is expected to grow both considerably and rapidly as the global middle class continues to expand. Despite this, growth in the petrochemical industry faces headwinds and challenges, including supply chain issues, new domestic and international policies, and changing market dynamics.</p>
